

Become an Erasmus+ Expert Assessor for the UK National Agency

Help shape the future of Erasmus+ in the UK

The British Council, set to become the UK Erasmus+ National Agency, is inviting experienced professionals to join the **UK Erasmus+ Expert Pool**.

This is an opportunity to play a key role in ensuring that Erasmus+ funding supports high-quality projects that create meaningful opportunities for learners, educators, young people and organisations across the UK and Europe.

As an expert assessor, you will contribute your knowledge and professional judgement to the independent assessment of Erasmus+ funding applications and beneficiary reports, helping to ensure a fair, transparent and high-quality selection process.

What will experts do?

Experts appointed to the UK Erasmus+ Expert Pool may be commissioned to undertake:

- Assessment of Erasmus+ funding applications
- Assessment of interim and final beneficiary reports
- Independent quality evaluations

in line with: European Commission requirements, Erasmus+ Programme rules, UK National Agency procedures.

Assignments will be offered according to programme needs and the expert's field of expertise.

Who should apply?

We are looking for professionals with relevant expertise and experience in the Erasmus+ programme and the sectors covered by the call.

Applicants may apply for one or more fields of expertise.

Please note: A separate application form must be completed for each field you wish to apply for. However, all applications and your CV should be submitted together in a single submission through the procurement portal.

Individuals wishing to be considered for the role of expert in the UK Expert's Pool must complete the application form contained within the briefing pack and return via the In-Tend portal: <https://tap.tcsapps.com/tap2/#/bc-supplier-registration> by the **Response Deadline of 10am on 4 August 2026**, as set out in the Timescale section of the ITT.

Applications received after this time and date will not be considered.

All queries or requests for clarification must be made via the British Council Procurement portal and be uploaded via [Supplier Registration tcs TAP™](#). You must not contact the British Council direct. All queries will be anonymised and responses shared with all applicants. Applicants should visit the portal regularly during the tender period to receive updates and clarifications.
